

CHÂTEAU CARBONNIEUX

Grand Cru Classé De Graves

December 2022

CHATEAU CARBONNIEUX– WHITE 2021

- The eye :** **This wine has a beautiful transparent yellow color.**
- The nose :** **The first nose is very pure, the cool month of August perfectly protected the aromatic potential. The full expression of Sauvignon Blanc on clay-limestone soil is present here exhaling notes of grapefruit and lime blossom. After stirring, always necessary for young wines, the nose develops in aromas around lemony citrus fruits.**
- The mouth :** **The attack is lively, full of freshness, in the mid-palate the wine evolves with the very interesting fat of the Semillon aged on lees and ends with a fresh and dense finish. This continues in the mouth with a remarkable length. Among the aromas of the mouth we again find the citrus fruits, like a candy, perceived on the nose as well as a delicacy that is both floral and fruity.**
- 2021 is in keeping with the line of very fine white Bordeaux vintages.**
