- The eye :**            **The wine has a ruby color with bright red reflections.**
- The nose :**           **The first nose offers a basket of very intense black fruits, blueberries and blackcurrants. After aeration, aromas of spices appear, especially pepper.**
- The mouth :**        **On the palate, we discover a wine well-balanced between acidity and structure, a sign of grapes harvested at optimal maturity. The black fruits express themselves deliciously on the palate with menthol notes. The tannins are noble. A superb freshness underlines the finish which makes the wine supple and sapid, bringing a lot of pleasure. This wine can be drunk both in its youth and certainly after several years of cellaring.**
